RESTRICTION RESPONSE

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Responsive to the Office Action of September 26, 2002, Applicants request entry of the following election and reconsideration of the Election/Restriction requirement. In the Office Action, the Examiner asserted that the present application contains claims directed to the following patentably distinct species: Claims 1 – 18 and Claims 19 – 26.

For the purposes of 37 C.F.R. § 1.141, Applicants elect, with traverse, the species identified by the Examiner as encompassing Claims 1 – 18.

TRAVERSE OF RESTRICTION REQUIREMENT

Applicants respectfully traverse the Restriction Requirement. The Examiner classified the first species (Claims 1 – 18) as being drawn to a Gm cell and the second species (Claims 19 – 26) as being drawn to an amplifier arrangement with GM adjusting means. The Examiner classified both species in class 330. Applicants believe that all the claims searched efficiently. Withdrawal of the restriction requirement is respectfully requested.

Respectfully submitted,

David H. Bluestone
